| Lanterna da esterno con diffusore in vetro soffiato opalino finemente lavorato con incisioni a mano. Struttura in acciaio inox, satinato o con verniciatura a polvere.

| 290 lm . IP 67

| Colore bianco caldo 3000 K, 3w, CRI 80

| Dimmerabile con telecomando incluso.

| Base di ricarica a induzione con porta mini USB (IP 20) e cavo incluso nella confezione.

Batteria ioni di litio. 3.7 V, 5200 mAh.

Ricarica: 8h

Autonomia: 6 h circa*

Input: 5 V, 1A-2A, 50~60hz

* Massima potenza, l'autonomia aumenta nella misura in cui si riduce l'intensità di utilizzo. Effettuare la ricarica con modulo spento. Quando non viene utilizzata si consiglia di ricaricare regolarmente la lanterna ogni 2/3 mesi.

| Outdoor lantern with opal blown glass shade finely engraved by hand. Structure in stainless steel, brushed or powder coated.

| 290 lm . IP 67

| Warm white colour 3000 K, 3w; CRI 80

| Dimmable with remote control included.

| Induction charge base with mini USB socket (IP20) and USB cable included in the package.

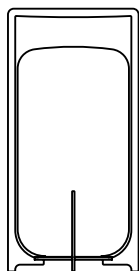

Lithium polymer battery : 3.7 V, 5200 mAh

Charge: 8h

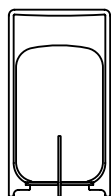

Autonomy: 6 hrs approx.*

Input: 5 V, 1A-2A, 50~60hz

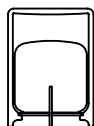

* At full power, autonomy increases as the intensity of use of the light decreases. Recharge with light turned OFF. When not being used regularly, it is still advised to re-charge the lantern every 2/3 months.
